

Resistance

Use our secret safe tonight and are we out of sight
Will our world come tumbling down
Will they find our hiding place
Is this our last embrace
Ohh will the world stop caving in

It could be wrong
Could be wrong
But it should've been right
It could be wrong
Could be wrong
But let our hearts ignite
It could be wrong
Could be wrong
Are we digging a whole
It could be wrong
Could be wrong
This is out of control
It could be wrong
Could be wrong
It can never last
It could be wrong
Could be wrong
Must erase it fast
It could be wrong
Could be wrong
But it could've been right

Love is our resistance
Keep us a promise they wont stop breaking us down
Hold me
Our lips must always be schooled
If we live our life in fear
I'll wait a thousand years
Just to see you smile again
Kill the press for love in peace

You'll wake the far police
We can hide the truth inside
It could be wrong
Could be wrong
But it should've been right
It could be wrong
Could be wrong
Let our hearts ignite
It could be wrong
Could be wrong
Are we digging a whole
It could be wrong
Could be wrong
This is out of control
It could be wrong
Could be wrong
It can never last
It could be wrong
Could be wrong
Let's erase it fast
It could be wrong
Could be wrong
But it could've been right

Love is our resistance
Keep us a promise and they won't start breaking us down
Hold me
Our lips must always be schooled
Good Night has reached his end
We can pretend
We must run...
We must run...
It's time to run

Take us away from hell
Protect us for the...

Black holes and revelations

Far away

The ship is taking me far away

Far away from the memories

Of the people who care if I live or die

Starlight

I will be chasing the starlight

Until the end of my life

I don't know if it's worth it anymore

Hold you in my arms

I just wanted to hold

You in my arms

My life

You electrify my life

Let's conspire to ignite

All the souls that would die just to feel alive

But I'll never let you go

If you promised not to fade away

Never fade away

Our hopes and expectations

Black holes and revelations

Our hopes and expectations

Black holes and revelations

Hold you in my arms

I just wanted to hold

You in my arms

Far away

The ship is taking me far away

Far away from the memories

Of the people who care if I live or die

And I'll never let you go

If you promise not to fade away

Never fade away

Our hopes and expectations
Black holes and revelations
Our hopes and expectations
Black holes and revelations

Hold you in my arms
I just wanted to hold
You in my arms
I just wanted to hold

Take a bow

Corrupt
You're corrupt
Bring corruption to all that you touch
Hold
You behold
And beholden for all that you've done
And spin
Cast a spell
Cast a spell on the country you run
And risk
You will risk
You will risk all their lives and their souls

And burn
You will burn
You will burn in hell, yeah you'll burn in hell
You'll burn in hell
Yeah you'll burn in hell
For your sins

And our freedom's consuming itself
What we've become
It's contrary to what we want

Take a bow

Death

You bring death, and destruction to all that you touch

Pay

You must pay

You must pay for your crimes against the earth

Yeah hex

Feed the hex

Feed the hex on the country you love

Now beg

You will beg

You will beg for their lives and their souls

Now burn

You will burn

You will burn in hell, yeah you'll burn in hell

You'll burn in hell

Yeah you'll burn in hell

You'll burn in hell

Yeah you'll burn in hell

For your sins

Supermassive black hole

Oh baby dont you know I suffer?

Oh baby can you hear me moan?

You caught me under false pretenses

How long before you let me go?

You set my soul alight

You set my soul alight

(You set my soul alight)

Glaciers melting in the dead of night

And the superstars sucked into the supermassive

(You set my soul alight)

Glaciers melting in the dead of night

And the superstars sucked into the 'supermassive'

I thought I was a fool for no-one

Oh baby I'm a fool for you

You're the queen of the superficial

And how long before you tell the truth

You set my soul alight

You set my soul alight

(You set my soul alight)

Glaciers melting in the dead of night

And the superstars sucked into the supermassive

(You set my soul alight)

Glaciers melting in the dead of night

And the superstars sucked into the 'supermassive'

Supermassive black hole

Supermassive black hole

Supermassive black hole

Glaciers melting in the dead of night

And the superstars sucked into the supermassive

Glaciers melting in the dead of night

And the superstars sucked into the supermassive

(You set my soul alight)

Glaciers melting in the dead of night

And the superstars sucked into the supermassive

(You set my soul alight)

Glaciers melting in the dead of night

And the superstars sucked into the supermassive

Supermassive black hole

Supermassive black hole

Supermassive black hole

Invincible

Follow through

Make your dreams come true

Don't give up the fight

You will be alright

'Cause there's no one like you in the universe

Don't be afraid

What your mind conceives

You should make a stand

Stand up for what you believe

And tonight

We can truly say

Together we're invincible

During the struggle

They will pull us down

But please, please

Let's use this chance

To turn things around

And tonight

We can truly say

Together we're invincible

Do it on your own

It makes no difference to me

What you leave behind

What you choose to be

And whatever they say

Your souls unbreakable

During the struggle

They will pull us down

But please, please

Let's use this chance

To turn things around

And tonight

We can truly say

Together we're invincible

Together we're invincible

During the struggle

They will pull us down

Please, please

Let's use this chance

To turn things around

And tonight

We can truly say

Paranoia is in bloom

Uprising

The PR transmissions will resume

They'll try to push drugs that keep us all dumbed down

And hope that we will never see the truth around

(So come on)

Another promise, another seed

Another packaged lie to keep us trapped in greed

And all the green belts wrapped around our minds

And endless red tape to keep the truth confined

(So come on)

They will not force us

They will stop degrading us

They will not control us

We will be victorious

(So come on)

Interchanging mind control

Come let the revolution take its toll

If you could flick the switch and open your third eye

You'd see that we should never be afraid to die

(So come on)

Rise up and take the power back

It's time the fat cats had a heart attack

You know that their time's coming to an end

We have to unify and watch our flag ascend

(So come on)

They will not force us

They will stop degrading us

They will not control us

We will be victorious

(So come on)

Hey, hey, hey, hey

Hey, hey, hey, hey

They will not force us

They will stop degrading us

They will not control us

We will be victorious

(So come on)
